

- Which of His characteristics/nature do I feel God has put most strongly in me?

*Prayer (from Lectio365) - Holy Spirit, I ask you that you show me the ways I am currently reflecting your nature, both in my character and my relationships.*

*I thank you for creating me to bear your image to the world and to those around me.*

- What clashes with others are sometimes caused by the strength of that characteristic in me?
- How does that characteristic sometimes express itself selfishly in me?

*Prayer (from Lectio365) - Are there ways in which I'm failing to display your nature in my character and in my relationships? As you bring them to mind now, I ask for your forgiveness and that you continue your work of transformation in me so that I can represent you well.*

- How can I turn my focus upwards and outwards in these things to bring glory to God?
- Are there any of God's characteristics which I currently don't image Him strongly in that I would like to grow more in?
